2 March 2023

WA FIRE AND EMERGENCY SERVICES CONFERENCE 2023

I am pleased to announce the 12th annual WA Fire and Emergency Services (WAFES) Conference will be held on Friday 8 and Saturday 9 September 2023 at Crown Perth. The WAFES Awards gala dinner will again round out the program on Saturday evening.

This year's conference will continue the tradition of providing a program of rich and engaging content and experiences to build the knowledge and skills of those who attend.

It also provides an opportunity for DFES staff and volunteers from across the State to come together to network and share ideas.

For those unable to attend, the plenary session of the conference and the awards presentation will again be livestreamed and I encourage all of you to take the time to watch.

For more information on registrations and to keep up to date with conference announcements visit the [WAFES conference website](#).
