LAST CHANCE - STRATEGY SURVEY DEADLINE EXTENDED

We are excited to announce we are extending the deadline of the DFES strategy survey to Friday 09 August. This extension gives you more time to share your valuable insights and feedback.

Developing the new strategic plan means we can consider our opportunities and challenges, and make sure our priorities are still relevant to our future operating environment.

Your participation is crucial as it helps us to shape the future, improve our services, and understand your needs. By taking ten minutes to complete the survey, you can ensure your voice is heard and impact real change.

So please, click on [this link](#) and be part of DFES future.

Thank you, your input is highly valued.
